BATHROOM

COMPANY PROFILE

New Union Bathroom holds integrating the whole household industry chain as our duty, dedicating to characteristic solutions. Since 2003, our group company established as a New Zealand distributor of glass balustrades, glass shower cubicles as well as other glass and accessories. Based on the requirements for renovation and new buildings construction, we have been providing bathroom products and solutions for several years.

Our products include toilets, bathroom cabinets, shower boxes, shower glass, basins as well as the bathroom hardwares that complements these products.

Over the years, New Union Bathroom has earned a reputation in the building trade industry for outstanding quality and dedicated service. Our professional standards have been recognized by customers and we are very grateful that most of them have been our loyal customers for years.

OUR PURPOSE

We provide professional advice and help you choose the right products to create your dream bathroom.
